# HAMMOCK FOR BABIES

1. Choose one side of the crib and fold Babychamp baby wrap on its middle part (where the label is) around the wood. Make a bend (see page 4)
2. Pull the wrap to the opposite side of the crib. You will have two layers with the same length.
3. On the other side of the crib, make another bend
4. Adjust the bend according to the height you prefer.
5. Make sure it is stable and tight.
6. Do not use for toddlers more than 10 kg.

# HAMMOCK FOR TODDLERS

1. Choose one table not bigger than 2 meters to tight your baby wrap and put away all chairs from under it.
2. Choose the largest part of the wrap (the middle part with BabyChamp label) to be under the table, at the place your kid will stay.
3. Put remained cloth over the table and make a knot or a bend (see page 4).
4. Make sure the part under the table does not reach the ground and the knot is tight.
5. Do not use for toddlers more than 10 kg.
